

Lyrics **Takin' Care of Mother Earth**

by SUPER JOE

There was a time when air was clean,
you could drink from a stream or a crick,
Now those days are gone and it won't be long,
before simply breathing is enough to make you sick,

The ozone layer is full of holes,
The atmosphere is getting old,
City smog is becoming country haze,
You can't set in the sun too long,
The time of seasons all seems wrong,
Things sure aren't like they were
in the good old days,

But I'm more concerned with next month's rent,
Reading about the new president,
and checking out the next top model girl,
too busy livin' day to day,
Forgot what Al Gore had to say,
I'll leave it up to someone else to save the world,

We gotta start takin' care of MOTHER EARTH,
We gotta start takin' care of MOTHER EARTH,
We Gotta top waiting for them and they to save the Earth,
Them and they is really You and Me and Mother Earth

'cause we've got nuclear waste , garbage disposals,
chemical based, land fill proposals,
Acid rain, forests constantly burnin' down,
Factory chimineys, Aerosol cans,
Oil in the seas, Man oh man,
It's enough to make the world
stop turnin' 'round,

But there's not much that I can do,
Got my own problems, what about you?
I'm more worried about gettin' my next raise,
I'll leave it up to the corporations,
Societies, charities, United Nations,
I already gave at the office anyways,

We gotta start takin' care of MOTHER EARTH,
We gotta start takin' care of MOTHER EARTH,
We Gotta stop waiting for them and they to save the Earth,
Them and they is really You and Me and Mother Earth
